

About

Each year we sponsor and coordinate multiple education, advocacy, and social events. Our most recognized, being our Gainesville Modern Weekend and Mid-Century Modern Home Tour, which gives our community members access to Mid-Century Modern homes throughout our area. We believe that the architecture of the Mid-Century period is all around us, and brings value and character to our amazing city. Gainesville Modern is dedicated to protect our Mid-Century Modern structures and provide education about their rich history.

Our Vision

Gainesville Modern coordinates and collaborates on the presentation and production of various outreach activities, fundraising events, and collateral, including documenting the location and history of architecturally significant modernist properties in Alachua County; conducting an annual home tour every spring; hosting or sponsoring public lectures and conferences; and producing newsletters, calendars, books and other publications related to Gainesville's modern architectural heritage.

Mission

Gainesville Modern is a non-profit organization dedicated to preserving Gainesville's modern architectural past and promoting its future through education, advocacy, and awareness.
